DMV Nationwide Processing Center

Vehicle Identification Number Inspection Required For All Vehicles Purchased Outside CA

California will accept an inspection made by a local Police Officer only in California DMV (check form "Verification of Policy") in the state where the vehicle was purchased. Please note: without a verification of vehicle form, a police officer is the only person who can complete this form.

If purchased in CA, bring your vehicle into a CA DMV Auto Club or approved title center for verification. Original documentation (proof) is required. Registration must be completed in CA by DMV only.

An original verification of the CA DMV Verification of Vehicle Form must accompany your vehicle documentation before the CA DMV will register your new vehicle. Please call the certificate to: DMV Nationwide Processing Center, 288 South Andrews Avenue, Suite 50, Ft. Lauderdale, FL 33301, (954) 574-4000.

Smog Certification Required Before Registration For All Vehicles Purchased Outside CA

Must be certified in CA by a Smog Certified Inspection Station. After completion, your test results will be electronically submitted to the CA Department of Motor Vehicle Division.

Exemptions: Grand passenger vehicles, motorcycles, or vehicles with a year model 10 years old or older. Some areas in CA. Hybrid vehicles are also exempt. Exemptions are general exemptions of laws making them the vehicle is a hybrid vehicle.

It is understood that from any year late fees associated with my failure to complete the above requirements for registration and filing within 20 days of entering California (if the vehicle was shipped) or from the purchase date to avoid 75% fee penalty, 45% license fee penalty and \$20.00 late fee registration.

What our customers are saying about us...

"DMV Nationwide has saved our organization several thousands of dollars in unrecoverable miscalculations of taxes, trade vehicle credits, licensing, tag, and registration fees. We have eliminated the cost and expense of multiple refunds which protects and guards our CSI. The prompt manner in which DMV Nationwide responds to every need is exemplary."

JIM BRISTOW — FINANCE DIRECTOR — BRAMAN MOTORCARS

"The transaction process is seamless! We are pleased at the efficiency and accuracy of the system. Our customers are happy too... no trips to the DMV."

BRANDON ROEGLIN — FINANCE DIRECTOR — FIELDS AUTO GROUP

"The customer service at DMV Nationwide is first rate. The staff is knowledgeable, efficient and professional. We have cut our labor costs significantly on out-of-state deals."

CAROL WOOD — CONTROLLER — SONIC AUTOMOTIVE

"Our e-Bay sales have increased... Now, more than ever DMV Nationwide is crucial to our sales process. We no longer fear or get frustrated with our out-of-state deals."

MARK SMITH — CONTROLLER — ENCORE MOTORS OF SARASOTA
